Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the
Brinker International 401(k) Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the Brinker International 401(k) Savings Plan as of December 31, 2008 and 2007, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Brinker International 401(k) Savings Plan as of December 31, 2008 and 2007, and the changes in its net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**BRINKER INTERNATIONAL
401(k) SAVINGS PLAN**

Notes to Financial Statements

December 31, 2008 and 2007

1. DESCRIPTION OF THE PLAN

The following description of the Brinker International (“Company” or “Brinker”) 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

General

The Company adopted the Plan effective January 1, 1993. The Plan is a qualified defined contribution retirement plan covering eligible employees as defined below. Effective January 1, 2006, the plan was amended and restated. The primary changes to the plan affected participant eligibility, contributions and vesting rules. Leased employees, non-US citizens, and union employees without specific contract provisions are not eligible to participate in the Plan.

The investments of the Plan are maintained in a trust (the “Trust”) by Fidelity Management Trust Company (the “Trustee”) and the recordkeeping functions are performed by Fidelity Investments Institutional Operations Company Incorporated (the “Recordkeeper”).

Contributions

An employee may become a participant on the first of the month following the date the employee completes one year of eligible service (at least 1,000 hours) and attains the age of twenty-one. Contributions are subject to Internal Revenue Service (“IRS”) limitations on total annual contributions, as well as plan limitations which stipulate that up to 50% of eligible base compensation including tips and 100% of eligible bonuses, as defined in the Plan, may be contributed to various investment funds on a tax-deferred basis.

The Company matches in cash at a rate of 100% of the first 3% of pay and 50% of the next 2% of pay for a participant’s compensation, as defined in the Plan, up to the maximum deferrable amount allowed by the Internal Revenue Code (“IRC”).

Eligible participants age 50 or older by the end of a calendar year are permitted to make catch-up contributions to the Plan up to the deferral amount allowed by the IRC.

Active hourly-tipped participants may elect to make voluntary after-tax contributions for each pay period under the Plan. The employee contributions may be made only from the participant’s compensation representing tip income that is not paid through the Company’s payroll and may contribute up to 100% of such tip income. An active participant may not make contributions for any period in which such person is not accruing hours of service with the Company.

Notes to Financial Statements

Participants' Accounts

Participant and Company matching contributions are invested in accordance with participants' elections in the following funds:

Fund Options	Primarily invests in:
Fidelity Retirement Money Market Portfolio	Money market funds
PIMCO Total Return Fund	Intermediate-term mortgage, corporate, government and foreign bonds
American Beacon Large Cap Value Fund	Equities of large-cap domestic companies
Fidelity Contrafund	Equities of domestic and foreign companies
American Funds EuroPacific Growth Fund	Equities of foreign companies
Neuberger Berman Genesis Fund	Equities of small and mid-cap companies
Buffalo Small Cap Fund	Equities of small-cap domestic companies
Spartan U.S. Equity Index Fund	Equities of companies included in the S&P 500 Index
Fidelity Freedom Funds	Fidelity equity, fixed-income and short-term mutual funds
The Boston Company Small Cap Value Fund	Equities of small-cap domestic companies
Brinker Common Stock Fund	Brinker common stock and short-term investments

Participants' accounts are adjusted with the proportionate share of gains or losses generated by their elected investment funds.

Vesting

Participants are immediately vested in both employee and employer matching contributions and the earnings thereon.

Forfeited Accounts

Forfeited account balances are used to reduce Company matching contributions. Forfeited accounts for the years ended December 31, 2008 and 2007 were immaterial.

Payment of Benefits

Distributions under the Plan are made upon a participant's death, disability, retirement, or termination of employment. Benefit payments are made in the form of a single lump sum payment or a direct rollover into an Individual Retirement Account or another qualified plan.

Notes to Financial Statements

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have up to two loans outstanding at a time, however the total outstanding balance of all loans may not exceed the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from six months to 5 years or up to 15 years for the purchase of a primary residence. Maturities range from 2009 through 2023 as of December 31, 2008. The loans are secured by the participant's account and bear interest at a rate of 1% above the prime lending rate which is determined at the end of the month prior to the month in which the loan request is made. Interest rates on outstanding loans ranged from 5.0% to 10.5% during both 2008 and 2007. Principal and interest payments are made through bi-weekly payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

The Company pays all administrative expenses related to the Plan.

Investment Valuation and Income Recognition

The Plan's money market funds, mutual funds and Company common stock are stated at fair value using quoted market prices. Participant loans are valued at the outstanding principal balance plus accrued interest which approximates fair value (See Note 3 for additional disclosures).

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Income from investments is recorded as earned on an accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Participant and employer contributions are accrued in the period that payroll deductions are made from plan participants in accordance with salary deferral agreements and as such, become obligations of the Company and assets of the Plan.

3. FAIR VALUE MEASUREMENTS

In September 2006, the Financial Accounting Standards Board (“FASB”) issued Statement of Financial Accounting Standards (“SFAS”) No. 157, “Fair Value Measurements.” SFAS No. 157 establishes a single definition of fair value and a framework for measuring fair value under GAAP, and expands disclosures about fair value measurements. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Plan adopted the provisions of SFAS No. 157, as amended, effective January 1, 2008. The adoption of SFAS No. 157 did not have a material impact on the Plan financial statements.

SFAS 157 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in SFAS 157 are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

FAS 157 requires that we describe the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets and liabilities carried as of December 31, 2008. We have described below the methodology used to measure each major category of assets and liabilities.

- Money Market funds are valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.
- Mutual funds are valued at the total market value of the underlying assets provided by the trustee of the Plan and are classified within Level 1 of the valuation hierarchy.
- Brinker International common stock fund is valued at the combined market value of the underlying stock based upon the closing price of the stock on its primary exchange times the number of shares held and the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.
- Participant loans are valued at the outstanding principal balance plus accrued interest which approximates fair value and are classified within Level 2 of the valuation hierarchy.

4. INVESTMENTS

Individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2008 and 2007 were as follows:

	2008	2007
Investments at fair value:		
Fidelity Contrafund	\$ 13,703,066	\$ 20,334,937
American Funds EuroPacific Growth Fund	10,530,589	17,674,944

Investments Cont'd

Appreciation/(Depreciation) (including gains and losses on investments bought and sold, as well as held during the years) on investments was as follows:

	2008	2007
Mutual funds	\$ (35,113,933)	\$ 3,202,395
Brinker common stock fund	(4,121,600)	(4,880,172)
	<u>\$ (39,235,533)</u>	<u>\$ (1,677,777)</u>

5. RELATED-PARTY TRANSACTIONS

Certain Plan investments consist of common stock of the Company and mutual funds managed by the Trustee. Transactions involving these investments qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules.

6. PLAN TERMINATION

Although it has no present intention to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA.

7. VOLUNTARY CORRECTION PROGRAM

The Company received approval of its application with the Internal Revenue Service to avail the Plan of the Voluntary Correction Program ("VCP") within the Employee Plans Compliance Resolution System of the fact that certain individuals were not notified of their eligibility to participate in the plan in a timely manner. During the Plan Year 2008, the Company remitted the employer receivable owed to the Plan for the VCP. The matters identified for remediation did not cause the Plan to be disqualified by the IRS; therefore, no provision for income taxes has been included in the Plan's financial statements.

8. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated January 21, 2009, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes the Plan is qualified and the related Trust is tax-exempt as of the financial statement date.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. It is not possible at this time to reasonably estimate the possible loss or range of loss, if any. We further caution that it is not possible to see all such factors, and you should not consider the identified factors as a complete list of all risks and uncertainties.
