1. BASIS OF PRESENTATION

References to “Brinker,” the “Company,” “we,” “us” and “our” in this Form 10-Q are references to Brinker International, Inc., its subsidiaries, and any predecessor companies of Brinker International, Inc.

Nature of Operations

Our Consolidated Financial Statements as of December 26, 2018 and June 27, 2018, and for the thirteen and twenty-six week periods ended December 26, 2018 and December 27, 2017, have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). We are principally engaged in the ownership, operation, development, and franchising of the Chili’s® Grill & Bar (“Chili’s”) and Maggiano’s Little Italy® (“Maggiano’s”) restaurant brands. At December 26, 2018, we owned, operated or franchised 1,685 restaurants, consisting of 995 company-owned restaurants and 690 franchised restaurants, located in the United States and 30 countries and two United States territories.

Basis of Presentation

The preparation of the consolidated financial statements in conformity with generally accepted accounting principles in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and costs and expenses during the reporting periods. Actual results could differ from those estimates.

The foreign currency translation adjustment included in Comprehensive income in the Consolidated Statements of Comprehensive Income represents the unrealized impact of translating the financial statements of our Canadian restaurants and our Mexican joint venture (prior to divestiture in the second quarter of fiscal 2018, see Note 11 - Shareholders’ Deficit for more details) from their respective functional currencies to U.S. dollars. This amount is not included in Net income and would only be realized upon disposition of the businesses. The Accumulated other comprehensive loss (“AOCL”) is presented in the Consolidated Balance Sheets.

The information furnished herein reflects all adjustments (consisting only of normal recurring accruals and adjustments) which are, in our opinion, necessary to fairly state the interim operating results, financial position and cash flows for the respective periods. However, these operating results are not necessarily indicative of the results expected for the full fiscal year. Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with GAAP have been omitted pursuant to SEC rules and regulations. The Notes to the Consolidated Financial Statements should be read in conjunction with the Notes to the Consolidated Financial Statements contained in the Company’s June 27, 2018 Form 10-K. We believe the disclosures are sufficient for interim financial reporting purposes. All amounts within the Notes to the Consolidated Financial Statements are presented in millions unless otherwise specified.

New Accounting Standards Implemented

ASU 2014-09, Revenue from Contracts with Customers (Topic 606) - In May 2014, the FASB issued Accounting Standards Update (“ASU”) 2014-09, and subsequently amended this update by issuing additional ASU’s that provide clarification and further guidance around areas identified as potential implementation issues. These updates provide a comprehensive new revenue recognition model that requires a company to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. These updates also require additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts. These updates are effective for annual and interim periods for fiscal years beginning after December 15, 2017, which required us to adopt these provisions in the first quarter of fiscal 2019. Please refer to Note 2 - Revenue Recognition for disclosures about our adoption.

ASU 2016-15, Classification of Certain Cash Receipts and Cash Payments (Topic 230) - In August 2016, the FASB issued ASU 2016-15, this update provides clarification regarding how certain cash receipts and cash payments are presented and classified in the statement of cash flows. This update addresses eight specific cash flow issues with the objective of reducing the existing diversity in practice. This update is effective for annual and interim periods for fiscal years beginning after December 15, 2017, which required us to adopt these provisions in the first quarter of fiscal 2019. The update was applied on a retrospective basis. The adoption of this guidance did not have an impact on our Consolidated Financial Statements or debt covenants.

ASU 2017-04, Intangibles - Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment - In January 2017, the FASB issued ASU 2017-04, this update eliminates step two of the goodwill impairment analysis. Companies will no longer be required to perform a hypothetical purchase price allocation to measure goodwill impairment. Instead, they will measure impairment as the difference between the carrying amount and the fair value of the reporting unit. This update is effective for annual and interim periods for fiscal years beginning after December 15, 2019, and early adoption is permitted for interim or annual goodwill impairment tests performed with measurement dates after January 1, 2017. We elected to early adopt this guidance as of September 27, 2018. The guidance was adopted prospectively. The adoption of this guidance did not have an impact on our Consolidated Financial Statements. Refer to Note 10 - Fair Value Measurements for disclosure about goodwill impairment.

The impact of additional accounting standards updates that have not yet been adopted can be found at Note 14 - Effect of New Accounting Standards.

2. REVENUE RECOGNITION

Effective June 28, 2018, our first quarter of fiscal 2019, we adopted FASB Accounting Standards Codification (“ASC”) Topic 606, *Revenue from Contracts with Customers* (“ASC 606”), from the previous guidance ASC Topic 605, *Revenue Recognition* and ASC Subtopic 952-605, *Franchisors - Revenue Recognition* (together, “Legacy GAAP”). Our transition to ASC 606 represents a change in accounting principle. Our Consolidated Financial Statements for the second quarter and year-to-date periods of fiscal 2019 reflect the application of ASC 606 guidance using the modified retrospective transition method, while our Consolidated Financial Statements for prior periods were prepared under Legacy GAAP.

Significant Accounting Policy

Revenues are presented in Company sales and Franchise and other revenues captions in the Consolidated Statements of Comprehensive Income. Company sales include revenues generated by the operation of company-owned restaurants including gift card redemptions. Franchise and other revenues include royalties, advertising fees (effective first quarter of fiscal 2019), Maggiano’s banquet service charge income, gift card breakage, service fees and discount costs from third-party gift card sales, digital entertainment revenues, delivery fee income, franchise fees, development fees and retail royalty revenues.

Company Sales

The adoption of ASC 606 did not impact revenue recognition related to Company sales. We will continue to record revenues from the sale of food, beverages and alcohol as products are sold.

Franchise and Other Revenues

Royalties - Franchise royalties are based on a percentage of the sales generated by our franchised restaurants. The provisions of ASC 606 did not impact the recognition of these royalties, as the performance obligation related to franchise sales is considered complete upon the sale of food, beverages and alcohol. Royalty revenues attributable to franchise restaurants will continue to be recognized in the same period the sales are generated at the franchise restaurants.

Advertising Fees Franchise and other revenues. Under Legacy GAAP, the advertising funds received from franchisees were considered a reimbursement of advertising expenses and were presented on a net basis as a reduction to advertising expenses in Restaurant expenses in the Consolidated Statements of Comprehensive Income.- Domestic franchisees are contractually obligated to contribute into certain advertising and marketing funds. The adoption of ASC 606 did not impact the timing of revenue recognition of the advertising fees received; however, effective first quarter of fiscal 2019, advertising fees are now presented on a gross basis within Franchise and other revenues. Under Legacy GAAP, the advertising funds received from franchisees were considered a reimbursement of

advertising expenses and were presented on a net basis as a reduction to advertising expenses in Restaurant expenses in the Consolidated Statements of Comprehensive Income.

Initial Development and Franchise Fees - We receive development fees from franchisees for territory development arrangements and franchise fees for a new restaurant opening. Under ASC 606 these arrangements will be collectively deferred as a contract liability and recognized on a straight-line basis into Franchise and other revenues in the Consolidated Statements of Comprehensive Income over the term of the underlying agreements. Deferred franchise and development fees are classified within Other accrued liabilities for the current portion expected to be recognized within the next 12 months, and Other liabilities for the long-term portion in the Consolidated Balance Sheets. Under Legacy GAAP, development fees were recognized as income upon the execution of the agreement, when development rights were conveyed to the franchisee. Franchise fees were recognized as income when the obligations under the franchise agreement were satisfied, generally upon the opening of the new franchise restaurant.

Gift Card Breakage Income - Breakage revenues represent the monetary value associated with outstanding gift card balances for which redemption is considered remote. We estimate this amount based on our historical gift card redemption patterns and update the breakage rate estimate periodically and if necessary, adjust the deferred revenues balance accordingly. In accordance with ASC 606, breakage revenues will be recognized proportionate to the pattern of related gift card redemptions. Under Legacy GAAP, breakage revenues were recognized when redemption was considered remote. We do not charge dormancy or any other fees related to monitoring or administering the gift card program.

Additionally, proceeds from the sale of gift cards will continue to be recorded as deferred revenues in the Gift card liability in the Consolidated Balance Sheets and recognized as Company sales when the gift card is redeemed by the holder.

Gift card Service Fees and Discount Costs - Our gift cards are sold through various outlets such as in-store, Chili's and Maggiano's websites, directly to other businesses, and through third party distributors that sell our gift cards at various retail locations. We incur incremental direct costs related to gift card sales, such as commissions and activation fees, for gift cards sold by third party businesses and distributors. These initial direct costs are deferred and amortized against revenues proportionate to the pattern of related gift card redemption.

Other Revenues - Other revenues not described above, such as Maggiano's banquet service charge income, digital entertainment revenues, retail royalty revenues and delivery fee income had no change in recognition from the adoption of ASC 606.

Sales Taxes

Taxes assessed by a governmental authority that are both imposed on and concurrent with specific revenue transactions and collected from a customer have been excluded from revenues under both Legacy GAAP and ASC 606.

Disaggregation of Total Revenues

The following tables disaggregate revenues by operating segment and major source:

	Thirteen Weeks Ended December 26, 2018		
	Chili's	Maggiano's	Total
Company sales	\$ 640.6	\$ 120.9	\$ 761.5
Royalties	13.2	—	13.2
Franchise fees and other revenues	8.5	7.5	16.0
Total revenues	\$ 662.3	\$ 128.4	\$ 790.7

	Twenty Six Weeks Ended December 26, 2018		
	Chili's	Maggiano's	Total
Company sales	\$ 1,280.9	\$ 208.9	\$ 1,489.8
Royalties	26.1	—	26.1
Franchise fees and other revenues	17.1	11.5	28.6
Total revenues	<u>\$ 1,324.1</u>	<u>\$ 220.4</u>	<u>\$ 1,544.5</u>

Franchise fees and other revenues primarily includes advertising fees, gift card breakage income, Maggiano's banquet service charge income, digital entertainment revenues, delivery fee income, initial development and franchise fees from franchisees, service fees and discount costs from third-party gift card sales, and other revenues.

Deferred Development and Franchise Fees

Our deferred development and franchise fees consist of the unrecognized fees received from franchisees. A summary of significant changes to the related deferred balance during the first two quarters of fiscal 2019 is presented below, along with the revenues to be recognized in the subsequent periods.

	Deferred Development and Franchise Fees
Balance at June 27, 2018	\$ —
Cumulative effect adjustment from adoption of ASC 606	18.1
Additions	0.4
Amount recognized to Franchise and other revenue	(1.3)
Balance at December 26, 2018	<u>\$ 17.2</u>

Fiscal Year	Development and Franchise Fees Revenue Recognition
2019	\$ 0.7
2020	1.4
2021	1.4
2022	1.4
2023	1.4
Thereafter	10.9
	<u>\$ 17.2</u>

The development and franchise fees that will be recognized in future years are based on active contracts with franchisees. These amounts represent the amount that will be recognized pursuant to the satisfaction of the contractual performance obligations. We also expect to have future year royalties and advertising fees related to our franchise contracts, however under ASC 606, these future year revenues are not yet determinable due to unsatisfied performance obligations based upon a sales-based royalty.

Financial Statement Impact of Transition to ASC 606

ASC 606 was applied to all contracts with customers as of the first day of fiscal 2019, June 28, 2018. The cumulative effect was applied using the modified retrospective approach. Below our Consolidated Balance Sheets reflects the transition to ASC 606 as an adjustment at June 28, 2018 as follows:

	June 27, 2018	ASC 606 Cumulative Effect Adjustments	June 28, 2018
ASSETS			
Other assets			
Deferred income taxes, net ⁽¹⁾	\$ 33.6	\$ 2.5	\$ 36.1
LIABILITIES AND SHAREHOLDERS' DEFICIT			
Current liabilities			
Gift card liability ⁽²⁾	119.1	(8.2)	110.9
Other accrued liabilities ⁽³⁾	127.2	1.5	128.7
Other liabilities ⁽³⁾	131.7	16.6	148.3
Shareholders' deficit ⁽²⁾⁽³⁾	(718.3)	(7.4)	(725.7)

⁽¹⁾ Deferred income taxes, net adjustment relates to the net change in liabilities and equity as a result of the adoption of ASC 606 described in notes ⁽²⁾ and ⁽³⁾ below.

⁽²⁾ Gift card liability is adjusted for the ASC 606 adoption impact of the change to recognize gift card breakage proportionate to the pattern of related gift card redemption. Under Legacy GAAP, gift card breakage was recognized when the likelihood of redemption was deemed remote. The cumulative effect of applying ASC 606 accounting to gift card balances outstanding at June 28, 2018 resulted in an \$8.2 million decrease in Gift card liability due to the change in timing of recognition between ASC 606 and Legacy GAAP, and a corresponding \$2.0 million decrease in Deferred income taxes, net, and a \$6.2 million decrease in Shareholders' deficit.

⁽³⁾ Other liabilities \$16.6 million and Other accrued liabilities \$1.5 million adjustments relate to the deferral of previously recognized franchise and development fees received from franchisees, with a corresponding \$4.5 million increase in Deferred income taxes, and a \$13.6 million increase to Shareholders' deficit at June 28, 2018.

Comparison of Fiscal 2019 Periods if Legacy GAAP Had Been in Effect

The following tables reflect the impact to our Condensed Consolidated Statement of Income (Unaudited) and for the thirteen and twenty-six week periods ended December 26, 2018, Cash flows from operating activities for the twenty-six week period ended December 26, 2018, and the unaudited Condensed Consolidated Balance Sheet at December 26, 2018 as if the Legacy GAAP was still in effect.

The adjustments presented below in the Condensed Consolidated Statement of Income (Unaudited) include under ASC 606, advertising fees now presented on a gross basis as a component of Franchise and other revenues. Under Legacy GAAP, the advertising fees were recorded as a reduction to advertising expenses within Restaurant expenses in the Consolidated Statements of Comprehensive Income. Additionally, the recognition timing change for franchise related fees and gift card breakage are included within Franchise and other revenues.

The adjustments presented below in the Condensed Consolidated Balance Sheet relate to the cumulative effect impact described above in the "Financial Statement Impact of Transition to ASC 606" section, as well as the impact from the change in the gift card breakage, deferred development and franchise fees, and corresponding deferred tax and retained earnings balances as of December 26, 2018.

3. SALE LEASEBACK TRANSACTIONS
Restaurant Properties Sale Leaseback Transactions

In the first quarter of fiscal 2019, we completed sale leaseback transactions of 141 restaurant properties for aggregate consideration of \$455.7 million. The balances attributable to the restaurant assets sold include Land of \$103.6 million, Buildings and leasehold improvements of \$217.6 million, certain fixtures included in Furniture and equipment of \$9.3 million, and Accumulated depreciation of \$163.9 million. The total gain was \$289.1 million and the net proceeds from these sale leaseback transactions were used to repay borrowings on our revolving credit facility.

In the second quarter of fiscal 2019, we completed sale leaseback transactions of an additional four restaurant properties sold for aggregate consideration of \$10.6 million. The balances attributable to the restaurant assets sold include Land of \$2.9 million, Buildings and leasehold improvements of \$6.8 million, certain fixtures included in Furniture and equipment of \$0.3 million, and Accumulated depreciation of \$5.7 million. The total gain was \$6.3 million and the net proceeds from these sale leaseback transactions were used to repay borrowings on our revolving credit facility.

Lease Details

The initial terms of all leases are for 15 years, plus renewal options at our discretion, which contain scheduled rent increases, all of the leases were determined to be operating leases. Rent expenses associated with these operating leases are being recognized on a straight-line basis over the lease terms. As of December 26, 2018, \$1.2 million of straight-line rent accrual has been recorded for these operating leases in Other liabilities in the Consolidated Balance Sheets.

Gain and Deferred Gain Recognition

In line with the applicable accounting guidance, we immediately recognized the portion of the gross gain in excess of the present value of the future minimum lease payments, and deferred the remainder of the gain to be recognized straight-line in proportion to the operating lease terms. During the thirteen and twenty-six week periods ended December 26, 2018, \$4.4 million and \$17.7 million of the net gain was recognized to Other (gains) and charges in the Consolidated Statements of Comprehensive Income, respectively. The remaining balance of the deferred gain of \$270.6 million as of December 26, 2018 was recorded in Other accrued liabilities (current portion) and Deferred gain on sale leaseback transactions (long-term portion) in the Consolidated Balance Sheets.

Corporate Headquarters Relocation

During the third quarter of fiscal 2018, we sold the portion of our current headquarters property that we owned for net proceeds of \$13.7 million that have been deferred in Other accrued liabilities in the Consolidated Balance Sheets until we have fully relinquished possession of the sold property and our involvement has been terminated. We plan to relocate during the third quarter of fiscal 2019, and once our possession of the existing headquarters has terminated, we will recognize the sale, and record a gain related to the transaction.

Accelerated depreciation for certain leasehold improvements associated with our current corporate headquarters was recorded to Other (gains) and charges in the Consolidated Statements of Comprehensive Income of \$0.5 million and \$1.0 million during the thirteen and twenty-six week periods ended December 26, 2018, respectively, and \$0.5 million and \$1.0 million during the thirteen and twenty-six week periods ended December 27, 2017, respectively. As of December 26, 2018, Land of \$5.9 million, and additional Net property and equipment of \$2.0 million were recorded on our Consolidated Balance Sheets related to the sold property.

4. NET INCOME PER SHARE

Basic net income per share is computed by dividing Net income by the Basic weighted average shares outstanding for the reporting period. Diluted net income per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock. For the calculation of Diluted net income per share, the Basic weighted average shares outstanding is increased by the dilutive effect of stock options and restricted share awards. Stock options and restricted share awards with an anti-dilutive effect are not included in the Diluted net income per share calculation. Basic weighted average shares outstanding are reconciled to Diluted weighted average shares outstanding as follows:

	Thirteen Week Periods Ended		Twenty-Six Week Periods Ended	
	December 26, 2018	December 27, 2017	December 26, 2018	December 27, 2017

	0.7	0.5	0.7	0.4
Diluted weighted average shares outstanding	38.8	46.9	39.9	47.8
Awards excluded due to anti-dilutive effect on diluted net income per share	0.8	1.4	0.9	1.4

5. INCOME TAXES

Fiscal 2019

The effective income tax rate in the thirteen and twenty-six week periods ended December 26, 2018 decreased to 8.6% and 13.0% compared to 38.3% and 37.4% for the thirteen and twenty-six week periods ended December 27, 2017, respectively, primarily due to the Tax Cuts and Jobs Act of 2017 (the "Tax Act") that was enacted on December 22, 2017. The Tax Act lowered the federal statutory tax rate from 35.0% to 21.0% effective January 1, 2018. Our fiscal 2019 effective income tax rate is further lowered due to an increase in the FICA tax credit benefit, partially offset by the impact of the sale leaseback transactions.

During the twenty-six week period ended December 26, 2018, the taxes on the gains related to the sale leaseback transactions, as described in Note 3 - Sale Leaseback Transactions, of \$75.0 million were recognized for tax purposes when the transactions were completed. Also during the twenty-six week period ended December 26, 2018 we paid \$67.1 million of the taxes, with a remaining \$7.9 million included as a payable net within Income taxes receivable in the Consolidated Balance Sheets as of December 26, 2018. This liability is expected to be paid during the third quarter of fiscal 2019.

Fiscal 2018

The thirteen and twenty-six week periods ended December 27, 2017 consider the Tax Act that was enacted prior to the end of the second quarter of fiscal 2018 and therefore the federal statutory tax rate changes stipulated by the Tax Act were reflected in the second quarter of fiscal 2018. Our federal statutory tax rate for fiscal 2018 was 28.1% representing a blended tax rate for fiscal 2018 based on the number of days in fiscal 2018 before and after the effective date. In accordance with ASC 740, we re-measured our deferred tax accounts as of the enactment date using the new federal statutory tax rate and recognized the change as a discrete item in the provision for income taxes. The Company's deferred tax position was a net asset and as a result, the reduction in the federal statutory tax rate resulted in a one-time non-cash adjustment to our net deferred tax balance of \$8.7 million with a corresponding increase to the provision for income taxes in the second quarter of fiscal 2018.

6. OTHER GAINS AND CHARGES

Other (gains) and charges in the Consolidated Statements of Comprehensive Income consist of the following:

Fiscal 2019

Sale leaseback (gain), net of transaction charges during the thirteen and twenty-six week periods ended December 26, 2018 includes a gain of \$4.6 million and \$24.7 million, respectively, associated with the transactions, less transaction costs incurred of \$0.2 million and \$7.0 million, respectively, related to professional services, legal and accounting fees. Please see Note 3 - Sale Leaseback Transactions for further details on this transaction.

Gain on sale of assets, net during the thirteen and twenty-six week periods ended December 26, 2018 includes \$0.8 million of gain recognized on the sale of land in Scottsdale, AZ and Pensacola, FL.

Remodel-related costs during the thirteen and twenty-six week periods ended December 26, 2018 totaling \$2.6 million and \$3.1 million, respectively, were recorded related to existing fixed asset write-offs associated with the Chili's remodel project.

Restaurant closure charges during the thirteen and twenty-six week periods ended December 26, 2018 includes \$2.1 million and \$3.8 million, respectively, which were primarily related to Chili's lease termination charges and certain Chili's restaurant closure costs.

Restaurant impairment charges during the thirteen and twenty-six week periods ended December 26, 2018 includes \$1.0 million primarily related to the long-lived assets of two underperforming Chili's restaurants.

Foreign currency transaction (gain)/loss during the thirteen and twenty-six week periods ended December 26, 2018 includes a \$0.7 million loss and \$0.1 million gain, respectively, resulting from the change in value of the Mexican peso as compared to that of the U.S. dollar on our Mexican peso denominated note receivable that we received as consideration from the sale of our equity interest in our Mexico joint venture during the second quarter of fiscal 2018.

Accelerated depreciation during the thirteen and twenty-six week periods ended December 26, 2018 includes \$0.5 million and \$1.0 million, respectively, of depreciation on certain leasehold improvements at the corporate headquarters property. Please see Note 3 - Sale Leaseback Transactions for more details on the corporate headquarters relocation.

Property damages, net of (insurance recoveries) during the thirteen week period ended December 26, 2018 primarily includes of \$0.2 million of expenses incurred associated with storm damages at certain restaurant locations. Property damages, net of (insurance recoveries) during the twenty-six week period ended December 26, 2018 includes \$0.6 million of insurance proceeds received related to a previously filed fire claim, partially offset by expenses incurred associated with storm damages at certain restaurant locations.

Cyber security incident charges during the twenty-six week period ended December 26, 2018 of \$0.4 million was recorded related to professional services associated with our response to the incident. We first reported the incident during the fourth quarter of fiscal 2018. For further details refer to Note 13 - Commitments and Contingencies.

Fiscal 2018

During the second quarter of fiscal 2018, we recorded restaurant closure charges of \$4.3 million primarily related to lease termination charges and other costs associated with the closure of nine underperforming Chili's restaurants in the second quarter of fiscal 2018 located in Alberta, Canada. Alberta has an oil dependent economy and has experienced an economic recession in recent years related to lower oil production. The slower economy has negatively affected traffic at the restaurants. The decision to close these restaurants was driven by management's belief that the long-term profitability of these restaurants would not meet our required level of return. During the first quarter of fiscal 2018, we recorded asset impairment charges of \$7.2 million primarily related to the long-lived assets and reacquired franchise rights of nine underperforming Chili's restaurants located in Alberta, Canada. These restaurants were closed in the second quarter of fiscal 2018.

During the second quarter of fiscal 2018, we recorded asset impairment charges of \$2.0 million primarily related to the long-lived assets of certain underperforming Maggiano's and Chili's restaurants that continue to operate. For further details refer to Note 10 - Fair Value Measurements. We also recorded lease guarantee charges of \$1.4 million related to leases that were assigned to a divested brand. For additional lease guarantee disclosures, see Note 13 - Commitments and Contingencies.

In October 2017, we sold our Dutch subsidiary that held our equity interest in our Chili's joint venture in Mexico to the franchise partner in the joint venture, CMR, S.A.B. de C.V. for \$18.0 million. We recorded a gain of \$0.2 million which includes the recognition of \$5.4 million of foreign currency translation losses reclassified from AOCL consisting of \$5.9 million of foreign currency translation losses from previous years, partially offset by \$0.5 million of current year foreign currency translation gains. We received a note as consideration for the sale to be paid in 72 equal installments, with one installment payment made at closing and the other payments to be made over 71 months pursuant to the note. The note is denominated in pesos and is re-measured at the end of each period resulting in a gain or loss from foreign currency exchange rate changes. We recorded a \$0.9 million foreign currency transaction loss in the second quarter due to the decline in the exchange rate for the Mexican peso relative to the U.S. dollar. The current portion of the note which represents the cash payments to be received over the next 12 months is included within accounts receivable, net while the long-term portion of the note is included within other assets.

Additionally, we incurred \$0.5 million of expenses associated with Hurricanes Harvey and Irma primarily related to employee relief payments and inventory spoilage. Our restaurants were closed in the areas affected by these disasters and our team members were unable to work. These payments were made to assist our team members during these crises and to promote retention. We carry insurance coverage for these types of natural disasters.

7. SEGMENT INFORMATION

Our operating segments are Chili's and Maggiano's. The Chili's segment includes the results of our company-owned Chili's restaurants in the United States and Canada as well as the results from our domestic and international franchise business. The Maggiano's segment includes the results of our company-owned Maggiano's restaurants.

Company sales include revenues generated by the operation of company-owned restaurants including gift card redemptions. Franchise and other revenues include Royalties and Franchise fees and other revenues. Franchise fees and other revenues include Maggiano's banquet service charge income, advertising fees, gift card breakage income, service fees and discount costs from third-party gift card sales, digital entertainment revenues, delivery fee income, development and franchise fees, and retail royalty revenues. We do not rely on any major customers as a source of sales, and the customers and long-lived assets of our operating segments are predominantly in the United States. There were no material transactions amongst our operating segments.

Effective the first quarter of fiscal 2019, we transitioned to ASC 606, from the previous Legacy GAAP guidance. Our Consolidated Financial Statements for the second quarter and year-to-date periods of fiscal 2019 reflect the application of ASC 606 guidance using the modified retrospective transition method, while our Consolidated Financial Statements for prior periods were prepared under Legacy GAAP. Please see Note 2 - Revenue Recognition for more details on the adoption of ASC 606.

Our chief operating decision maker uses operating income as the measure for assessing performance of our segments. Operating income includes revenues and expenses directly attributable to segment-level results of operations. Company restaurant expenses include food and beverage costs, restaurant labor costs and restaurant expenses, including advertising expenses. The following tables reconcile our segment results to our consolidated results reported in accordance with GAAP:

ended December 27, 2017 that includes Chili’s franchise advertising contributions recorded on a net basis within Company restaurant expenses.

- (2) During the twenty-six week period ended December 26, 2018 we completed sale leaseback transactions of 145 company-owned Chili’s restaurant properties. As part of this transaction, we sold the related restaurant fixed assets totaling \$170.9 million, net of accumulated depreciation. Additionally, Chili’s recognized \$17.7 million of gain on the sale, including a certain portion of the deferred gain, net of related transaction costs incurred in Other (gains) and charges in the Consolidated Statements of Comprehensive Income. Please see Note 3 - Sale Leaseback Transactions for further details.

Revolving Credit Facility

During the twenty-six week period ended December 26, 2018, net repayments of \$234.0 million were made on the \$1.0 billion revolving credit facility primarily from proceeds received from the sale leaseback transactions, partially offset by share repurchases. As of December 26, 2018, \$413.7 million of credit was available under the revolving credit facility.

Under the amended \$1.0 billion revolving credit facility, the maturity date for \$890.0 million of the facility was extended from March 12, 2020 to September 12, 2021 and the remaining \$110.0 million remains due on March 12, 2020. The amended revolving credit facility generally bears interest of LIBOR plus an applicable margin, which is a function of our credit rating and debt to cash flow ratio, but is subject to a maximum of LIBOR plus 2.00%. For a period of 180 days following the third amendment to the revolving credit facility that occurred in May 2018, we paid interest at a rate of LIBOR plus 1.70%. Effective October 2018, we resumed paying interest at a rate of LIBOR plus 1.38% for a total of 3.89%. One month LIBOR at December 26, 2018 was approximately 2.51%.

5.00% Notes

In September 2016, we completed the private offering of \$350.0 million of our 5.00% senior notes due October 2024 (the “2024 Notes”). We received proceeds of \$350.0 million and utilized the proceeds to fund a \$300.0 million accelerated share repurchase agreement and to repay \$50.0 million on the amended \$1.0 billion revolving credit facility. The notes require semi-annual interest payments which began on April 1, 2017.

3.88% Notes

In May 2013, we issued \$300.0 million of 3.88% notes due in May 2023. The notes require semi-annual interest payments which began in the second quarter of fiscal 2014.

Financial Covenants

Our debt agreements contain various financial covenants that, among other things, require the maintenance of certain leverage and fixed charge coverage ratios. We are currently in compliance with all financial covenants.

9. ACCRUED AND OTHER LIABILITIES

Other accrued liabilities consist of the following:

	December 26, 2018	June 27, 2018
Deferred liabilities and sale leaseback gains ⁽¹⁾	\$ 32.1	\$ 15.5
Property tax	19.6	17.4
Insurance	18.3	17.8
Dividends	14.8	16.3
Sales tax	14.4	14.2
Interest	7.5	7.8
Straight-line rent ⁽²⁾	4.9	5.2
Landlord contributions	2.7	2.7
Deferred franchise and development fees ⁽³⁾	1.4	—
Cyber security incident ⁽⁴⁾	1.5	1.4
Other ⁽⁵⁾	31.0	28.9
	<u>\$ 148.2</u>	<u>\$ 127.2</u>

⁽¹⁾ Deferred liabilities and sale leaseback gains primarily relate to \$18.4 million for the current portion of the deferred gain related to the sale leaseback transactions executed during the first two quarters of fiscal 2019, and net proceeds of \$13.7 million that have been deferred related to the sale of our current corporate headquarters property. Please see Note 3 - Sale Leaseback Transactions for further details.

⁽²⁾ Straight-line rent includes the current portion of the straight-line rent of operating leases. During the thirteen week periods ended December 26, 2018 and December 27, 2017, \$0.4 million of expenses and \$0.2 million of credit related to straight-line rent expenses were recognized into Restaurant expenses in the Consolidated Statements of Comprehensive Income, respectively. During the twenty-six week periods ended December 26, 2018 and December 27, 2017, \$0.5 million of expenses and 0.4 million of credit related to straight-line rent expenses were recognized into Restaurant expenses in the Consolidated Statements of Comprehensive Income, respectively.

⁽³⁾ Deferred franchise and development fees relates to the current portion of upfront initial franchise and development fees recorded as part of adoption of ASC 606, please see Note 2 - Revenue Recognition for further details, and the Other liabilities table below for the long-term accrued amount.

⁽⁴⁾ Cyber security incident accrual relates to the fiscal 2018 event, please see Note 13 - Contingencies for further details.

⁽⁵⁾ Other primarily consists of accruals for utilities and services, certain lease reserves, state income tax payable, banquet deposits for Maggiano's events, rent-related expenses and other various accruals.

Other liabilities consist of the following:

	December 26, 2018	June 27, 2018
Straight-line rent ⁽¹⁾	\$ 56.6	\$ 55.6
Insurance	37.4	40.1
Landlord contributions	24.1	23.3
Deferred franchise and development fees ⁽²⁾	15.8	—
Unfavorable leases	3.1	3.8
Unrecognized tax benefits	2.9	2.9
Other	6.0	6.0
	<u>\$ 145.9</u>	<u>\$ 131.7</u>

⁽¹⁾ Straight-line rent is the long-term portion of the straight-line rent, and for the second quarter of fiscal 2019 this balance also includes \$1.2 million for the straight-line rent accrued for 145 restaurants sold as part of the sale leaseback transactions. Please see Note 3 - Sale Leaseback Transactions for more details, and the above Other accrued liabilities table for the current portion of straight-line rent recorded to be recognized within the next twelve months.

⁽²⁾ Deferred franchise and development fees relates to the long-term portion of upfront initial franchise and development fees recorded as part of adoption of ASC 606, please see Note 2 - Revenue Recognition for further details, and the Other accrued liabilities table above for the current accrued amount.

10. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. In determining fair value, the accounting standards establish a three level hierarchy for inputs used in measuring fair value, as follows:

- Level 1 – inputs are quoted prices in active markets for identical assets or liabilities.
- Level 2 – inputs are observable for the asset or liability, either directly or indirectly, including quoted prices in active markets for similar assets or liabilities.
- Level 3 – inputs are unobservable and reflect our own assumptions.

Non-Financial Assets Measured On a Non-Recurring Basis

We review the carrying amounts of property and equipment, reacquired franchise rights and transferable liquor licenses semi-annually or when events or circumstances indicate that the fair value may not exceed the carrying amount. We record an impairment charge for the excess of the carrying amount over the fair value. All impairment charges were included in Other (gains) and charges in the Consolidated Statements of Comprehensive Income for the periods presented.

During the thirteen week period ended September 26, 2018, no indicators of impairment existed. During the thirteen week period ended December 26, 2018, we impaired long-lived assets with carrying values of \$1.0 million primarily related to two underperforming Chili's restaurants that we determined the leasehold improvements and other assets associated with the impaired restaurants had no fair value, based on Level 3 fair value measurements.

During the twenty-six week period ended December 27, 2017, we impaired long-lived assets and reacquired franchise rights with carrying values of \$8.3 million and \$1.2 million, respectively, primarily related to nine underperforming Chili's restaurants located in Alberta, Canada. Please see Note 6 - Other Gains and Charges for further details. We determined the long lived assets associated with the underperforming restaurants had a fair value of \$0.3 million, based on Level 3 fair value measurements, resulting in an impairment charge of \$9.2 million.

We determine the fair value of transferable liquor licenses based on prices in the open market for licenses in the same or similar jurisdictions. During the thirteen week periods ended December 26, 2018 and December 27, 2017, no indicators of impairment were identified.

Intangibles, net in the Consolidated Balance Sheets includes indefinite-lived intangible assets such as the transferable liquor licenses and definite-lived intangible assets that include reacquired franchise rights and other items such as trademarks. Accumulated amortization of Intangibles, net at December 26, 2018 and June 27, 2018, was \$6.3 million and \$5.7 million, respectively.

Goodwill

We review the carrying amounts of goodwill annually or when events or circumstances indicate that the carrying amount may not be recoverable. If the carrying amount is not recoverable, we record an impairment charge for the excess of the carrying amount over the implied fair value of the goodwill. During the thirteen and twenty-six week periods ended December 26, 2018 and December 27, 2017, no indicators of impairment were identified.

Other Financial Instruments

Our financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and long-term debt. The fair values of cash and cash equivalents, accounts receivable and accounts payable approximate their carrying amounts because of the short maturity of these items. The carrying amount of debt outstanding related to the amended revolving credit facility approximates fair value as the interest rate on this instrument approximates current market rates (Level 2). The fair values of the 3.88% and 5.00% notes are based on quoted market prices and are considered Level 2 fair value measurements.

The carrying amounts, which are net of unamortized debt issuance costs and discounts, and fair values of the 3.88% notes and 5.00% notes are as follows, please see further details at Note 8 - Debt:

	December 26, 2018		June 27, 2018	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
3.88% Notes	\$ 298.4	\$ 283.2	\$ 298.2	\$ 285.3
5.00% Notes	345.6	326.9	345.2	342.3

During fiscal 2018, we received an \$18.0 million long-term note receivable as consideration related to the sale of our equity interest in the Chili's joint venture in Mexico. We determined the fair value of this note based on an internally developed analysis relying on Level 3 inputs at inception. This analysis was based on a credit rating we assigned to the counterparty and comparable interest rates associated with similar debt instruments observed in the market. As a result of the initial analysis, we determined the fair value of this note was approximately \$16.0 million and recorded this fair value as its initial carrying value. We believe the fair value of the note receivable continues to approximate the carrying value, which at December 26, 2018 was \$11.9 million. The current portion of the note, which represents the cash payments to be received over the next 12 months, is included within Accounts receivable, net while the long-term portion of the note is included within Other assets in the Consolidated Balance Sheets. Please refer to Note 6 - Other Gains and Charges for further details about this note receivable.

We have recorded certain lease obligations related to the previously divested Romano's Macaroni Grill restaurants. These lease obligations are based on Level 3 fair value measurements based on an estimate of the obligation associated with the lease locations, stated rent and other factors such as ability and probability of the landlord to mitigate damages by leasing to new tenants. Please refer to Note 13 - Contingencies for further details.

11. SHAREHOLDERS' DEFICIT

Changes in Shareholders' Deficit

The changes by quarter in Total shareholders' deficit during the twenty-six week periods ended December 26, 2018 and December 27, 2017, respectively, were as follows:

Share Repurchases

Our share repurchase plan has been and will be used to return capital to shareholders and to minimize the dilutive impact of stock options and other share-based awards. We evaluate potential share repurchases under our plan based on several factors, including our cash position, share price, operational liquidity, proceeds from divestitures, borrowings, and planned investment and financing needs. Shares that have been paid for but not yet delivered are reflected as a reduction of Additional paid in capital while other repurchased shares are reflected as an increase in Treasury stock within Shareholders' deficit in the Consolidated Balance Sheets. The repurchased shares during the twenty-six week periods ended December 26, 2018 and December 27, 2017 included shares purchased as part of our share repurchase program and shares repurchased to satisfy team member tax withholding obligations on the vesting of restricted shares.

Twenty-Six Week Periods Ended December 26, 2018

In August 2018, our Board of Directors authorized a \$300.0 million increase to our existing share repurchase program resulting in total authorizations of \$4.9 billion. During the thirteen week period ended September 26, 2018, we repurchased approximately 2.1 million shares of our common stock for \$105.5 million. During the thirteen week period ended December 26, 2018, we repurchased approximately 1.5 million shares of our common stock for \$62.1 million. As of December 26, 2018, approximately \$197.8 million was available under our share repurchase authorizations.

Twenty-Six Week Periods Ended December 27, 2017

During the thirteen week period ended September 27, 2017, we repurchased approximately 1.3 million shares of our common stock for \$41.7 million. During the thirteen week period ended December 27, 2017, we repurchased approximately 1.0 million shares of our common stock for \$30.1 million.

Stock-based Compensation

The following table presents the stock options and restricted share awards granted, and related weighted average exercise price and fair value per share amounts for the twenty-six week periods ended December 26, 2018 and December 27, 2017:

	Twenty-Six Week Periods Ended	
	December 26, 2018	December 27, 2017
Stock options		
Stock options granted	0.7	1.2
Weighted average exercise price per share	\$ 43.63	\$ 31.22
Weighted average fair value per share	\$ 8.25	\$ 4.45
Restricted share awards		
Restricted share awards granted	0.3	0.4
Weighted average fair value per share	\$ 43.35	\$ 31.23

During the thirteen week period ended December 26, 2018, we modified certain fiscal 2018 performance-based stock option awards and 0.2 million options were canceled. We subsequently granted fiscal 2019 performance-based stock option awards of 0.4 million options with a grant date fair value equivalent to the fair value of the canceled fiscal 2018 options as of the modification date. Vesting of the fiscal 2019 performance-based options is conditioned on achievement of the same performance targets and vest on the same schedule as the fiscal 2018 performance-based stock options. There is no incremental compensation cost as a result of this modification. The fiscal 2019 performance-based stock option awards are included in the above stock options granted table.

Dividends

During the twenty-six week periods ended December 26, 2018 and December 27, 2017, we paid dividends of \$31.6 million and \$35.4 million to common stock shareholders, respectively. We also declared a quarterly dividend on October 29, 2018, that was paid subsequent to the second quarter of fiscal 2019, on December 27, 2018, in the amount

of \$0.38 per share. As of December 26, 2018, we have accrued \$14.2 million for this dividend in Other accrued liabilities on our Consolidated Balance Sheets, see Note 9 - Accrued and Other Liabilities.

Effect of Adoption of ASC 606

During the thirteen week period ended September 26, 2018, we adopted ASC 606 and recorded a \$7.4 million cumulative effect adjustment decrease to Retained earnings for the change in accounting principle. Please refer to Note 2 - Revenue Recognition for more details.

Realized Foreign Currency Translation

During the thirteen week period ended December 27, 2017, we divested our Mexican joint venture and realized \$5.4 million of foreign currency translation losses that were reclassified from Accumulated other comprehensive loss into Net income. Please refer to Note 10 - Fair Value Measurements for further details on the divestiture and related consideration received.

12. SUPPLEMENTAL CASH FLOW INFORMATION

Cash paid for income taxes and interest is as follows:

	Twenty-Six Week Periods Ended	
	December 26, 2018	December 27, 2017
Income taxes, net of refunds ⁽¹⁾	\$ 83.4	\$ 30.5
Interest, net of amounts capitalized	28.2	25.3

⁽¹⁾ Income taxes, net of refunds increased for the twenty-six week period ended December 26, 2018 as compared to the twenty-six week period ended December 27, 2017 primarily due to payments made for income tax liabilities resulting from the sale leaseback transactions completed in the first quarter of fiscal 2019. Please refer to Note 3 - Sale Leaseback Transactions and Note 5 - Income Taxes for further details.

Non-cash investing and financing activities are as follows:

	Twenty-Six Week Periods Ended	
	December 26, 2018	December 27, 2017
Retirement of fully depreciated assets	\$ 16.6	\$ 22.4
Dividends declared but not paid	14.8	18.2
Accrued capital expenditures	14.2	4.7
Capital lease additions	2.5	4.3

13. CONTINGENCIES

Lease Commitments

We have, in certain cases, divested brands or sold restaurants to franchisees and have not been released from lease guarantees or lease liability for the related restaurants. As of December 26, 2018 and June 27, 2018, we have outstanding lease guarantees or are secondarily liable for \$57.5 million and \$58.2 million, respectively. These amounts represent the maximum potential liability of future payments under the leases. These leases have been assigned to the buyers and expire at the end of the respective lease terms, which range from fiscal 2019 through fiscal 2028. In the event of default under a lease by a franchisee or owner of a divested brand, the indemnity and default clauses in our agreements with such third parties and applicable laws govern our ability to pursue and recover amounts we may pay on behalf of such parties.

During fiscal 2018, Mac Acquisition LLC, the owner of Romano's Macaroni Grill restaurants, filed for Chapter 11 bankruptcy protection. We have outstanding lease guarantees or are secondarily liable for certain of its leases rejected in the bankruptcy. As of December 26, 2018 and June 27, 2018, balances of \$0.6 million and \$1.4 million, respectively, were recorded in Other accrued liabilities in our Consolidated Balance Sheets based on our analysis of the potential obligations and are inclusive of the fiscal 2019 activity detailed below.

We paid \$0.7 million during the twenty-six week period ended December 26, 2018 to settle obligations of two of the leases rejected in the Mac Acquisition, LLC bankruptcy proceeding. We do not expect additional leases to be rejected because the period for doing so in the bankruptcy proceeding concluded and Mac Acquisition, LLC's plan for reorganization in the bankruptcy proceeding was confirmed. We will continue to monitor leases for which we have outstanding guarantees or are secondarily liable to assess the likelihood of any incremental losses. We have not been informed by landlords of Mac Acquisition LLC of any lease defaults other than those detailed in the previous bankruptcy filings. No other liabilities related to this matter have been recorded as of December 26, 2018.

Letters Of Credit

We provide letters of credit to various insurers to collateralize obligations for outstanding claims. As of December 26, 2018, we had \$29.0 million in undrawn standby letters of credit outstanding. All standby letters of credit are renewable within the next 4 to 10 months.

Cyber Security Incident

On May 12, 2018, we issued a public statement that malware had been discovered at certain Chili's restaurants that resulted in unauthorized access or acquisition of customer payment card data. We engaged third-party forensic firms and cooperated with law enforcement to investigate the matter. Based on the investigation of our third-party forensic experts, we believe most company-owned Chili's restaurants were impacted by the malware during time frames that vary by restaurant, but we believe in each case began no earlier than March 21, 2018 and ended no later than April 22, 2018.

We expect to incur significant legal and professional services expenses associated with the cyber security incident in future periods. We will recognize these expenses as services are received. Related to this incident, payment card companies and associations may request us to reimburse them for unauthorized card charges and costs to replace cards and may also impose fines or penalties in connection with the cyber security incident, and regulatory authorities may also impose fines or other remedies against us. While we do not acknowledge responsibility to pay any such amounts imposed by any third parties, we may become obligated to pay such amounts or incur significant related settlement costs. We will record an estimate for losses at the time when it is both probable that a loss has been incurred and the amount of the loss is reasonably estimable.

To limit our exposure to cyber security events, we maintain cyber liability insurance coverage. This coverage and certain other insurance coverage may reduce our exposure for this incident. Our cyber liability insurance policy contains a \$2.0 million retention. Since the incident through December 26, 2018, we have incurred expenses of \$3.2 million related to the cyber security incident which includes the \$2.0 million retention recorded in fiscal 2018, an additional \$0.4 million recorded to Other (gains) and charges in the Consolidated Statements of Comprehensive Income during the twenty-six week period ended December 26, 2018, and \$0.8 million of receivable for costs we believe are reimbursable and probable of recovery under our insurance coverage.

The Company was named as a defendant in putative class action lawsuits in the United States District Court for the Middle District of Florida, the United States District Court for the District of Nevada, and two in the United States District Court for the Central District of California, filed on May 24, 2018, May 30, 2018, June 14, 2018, and June 28, 2018, respectively (collectively, the "Litigation") relating to the cyber security incident described above. In the Litigation, plaintiffs assert various claims stemming from the cyber security incident at the Company's Chili's restaurants involving customer payment card information and seek monetary damages in excess of \$5.0 million, injunctive and declaratory relief and attorney's fees and costs. Since the initial filing of these cases, the Nevada plaintiff voluntarily dismissed this case and joined the Florida lawsuit. Counsel for all parties subsequently agreed to the transfer of the California cases to Florida, and they have been consolidated into a single matter with the case already pending there. We believe we have defenses and intend to defend the Litigation. As such, as of December 26, 2018, we have

concluded that a loss from this matter is not determinable, therefore, we have not recorded a liability related to the Litigation. We will continue to evaluate this matter based on new information as it becomes available.

Legal Proceedings

Evaluating contingencies related to litigation is a complex process involving subjective judgment on the potential outcome of future events, and the ultimate resolution of litigated claims may differ from our current analysis. Accordingly, we review the adequacy of accruals and disclosures pertaining to litigated matters each quarter in consultation with legal counsel and we assess the probability and range of possible losses associated with contingencies for potential accrual in the Consolidated Financial Statements.

We are engaged in various legal proceedings and have certain unresolved claims pending. Liabilities have been established based on our best estimates of our potential liability in certain of these matters. Based upon consultation with legal counsel, management is of the opinion that there are no matters pending or threatened which are expected to have a material adverse effect, individually or in the aggregate, on our consolidated financial condition or results of operations.

14. EFFECT OF NEW ACCOUNTING STANDARDS

ASU 2018-15, Intangibles - Goodwill and Other - Internal-Use Software (Subtopic 350-40): Customer's Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That Is a Service Contract - In August 2018, the FASB issued ASU 2018-15, this update aligns the requirements for capitalizing implementation costs incurred in a cloud computing arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software. This update is effective for annual and interim periods in fiscal years beginning after December 15, 2019, which will require us to adopt these provisions in the first quarter of fiscal 2021. Early adoption is permitted and we plan to adopt this guidance during the second half of fiscal 2019, using a prospective approach. We do not expect the adoption of this guidance to have a material impact on our consolidated financial statements.

ASU No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement - In August 2018, the FASB issued ASU 2018-13, which modifies the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement. The amendments under ASU 2018-13 add an incremental requirement, among others, for entities to disclose (1) the range and weighted average used to develop significant unobservable inputs and (2) how the weighted average was calculated for fair value measurements categorized within Level 3 of the fair value hierarchy. Entities may disclose other quantitative information in lieu of the weighted average if they determine that such information embodies a more reasonable and rational method of reflecting the distribution of significant unobservable inputs used to develop Level 3 fair value measurements. The new guidance is effective for all entities for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years, which will require us to adopt these provisions in the first quarter of fiscal 2021. Early adoption is permitted. We do not expect the adoption of this guidance to have a material impact on our consolidated financial statements.

ASU 2016-02, Leases (Topic 842) - In February 2016, the FASB issued ASU 2016-02, and has subsequently amended this update by issuing additional ASU's that provide clarification and further guidance around areas identified as potential implementation issues. These updates require a lessee to recognize in the balance sheet a liability to make lease payments and a corresponding right-of-use asset for virtually all leases, other than leases with a term of 12 months or less if the short-term lease exclusion expedient is elected. The update also requires additional disclosures about the amount, timing, and uncertainty of cash flows arising from leases. The updates are effective for annual and interim periods for fiscal years beginning after December 15, 2018, which will require us to adopt these provisions in the first quarter of fiscal 2020. Early adoption is permitted for financial statements that have not been previously issued. In July 2018, the FASB issued ASU 2018-11 that provided either a modified retrospective transition approach with application in all comparative periods presented, or an alternative transition method, which permits a company to use its effective date as the date of initial application without restating comparative period financial statements (cumulative effect transition method).

We currently expect to implement the standard using the alternative cumulative effect transition method and elect the package of practical expedients under which we will not reassess the classification of our existing leases, reevaluate whether any expired or existing contracts are or contain leases or reassess initial direct costs under the new guidance. Additionally, we expect to elect lessee and lessor practical expedients to not separate non-lease components, such as common area maintenance and property taxes, from lease components. We also anticipate electing the short-term lease exemption from balance sheet recognition for all leases that qualify, and the land easement practical expedient that allows entities to elect not to assess whether existing land easements are, or contain, leases in accordance with ASC 842 when transitioning to the new leasing standard. We do not expect to elect the practical expedient that permits a reassessment of lease terms for existing leases. We are currently evaluating other practical expedients and elections specified in the guidelines.

We have commenced an analysis of the impact of the new lease guidance and developed a comprehensive plan for our implementation of the new guidance. The project plan includes analyzing the impact of the new guidance on our current lease contracts, reviewing the completeness of our existing lease portfolio, comparing our accounting policies under current accounting guidance to the new accounting guidance and identifying potential differences from applying the requirements of the new guidance to our lease contracts, and the evaluation of lease accounting tools to assist with the adoption and ongoing disclosures related to this new standard.

Under current accounting guidance for leases, we do not recognize an asset or liability created by operating leases where we are the lessee. We expect a material increase to our assets and liabilities on our consolidated balance sheet as a result of recognizing assets and liabilities for operating leases where we are the lessee on the date of initial application of the new guidance. The discounted minimum remaining rental payments will be the starting point for determining the right-of-use asset and lease liability. We had operating leases with undiscounted remaining rental payments of approximately \$1,025.6 million as of December 26, 2018. Additionally, we expect to derecognize the deferred gain from the sale leaseback transactions through an opening retained earnings adjustment upon adoption using the cumulative effect transition method, and as of December 26, 2018, we had \$270.6 million recorded in Other accrued liabilities (current portion) and Deferred gain on sale leaseback transactions (long-term portion) in the Consolidated Balance Sheets.

We are continuing to evaluate the impact of the new guidance on capital leases, as well as the impact of transition provisions under the new guidance on amounts recognized in connection with our previous application of acquisition accounting. We are also continuing to evaluate the impact that adoption of this guidance will have on our consolidated statements of operations. We do not expect the adoption of this new guidance to have a material impact on the amount or timing of our cash flows and liquidity.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

GENERAL

The following Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") is intended to help you understand our company, our operations, and our current operating environment. For an understanding of the significant factors that influenced our performance during the thirteen and twenty-six week periods ended December 26, 2018 and December 27, 2017, the MD&A should be read in conjunction with the Consolidated Financial Statements (Unaudited) and related Notes to the Consolidated Financial Statements included in this quarterly report. All amounts within the MD&A are presented in millions unless otherwise specified.

OVERVIEW

We are principally engaged in the ownership, operation, development, and franchising of the Chili's® Grill & Bar ("Chili's") and Maggiano's Little Italy® ("Maggiano's") restaurant brands. At December 26, 2018, we owned, operated or franchised 1,685 restaurants, consisting of 995 company-owned restaurants and 690 franchised restaurants, located in the United States and 30 countries and two United States territories.

We are committed to strategies and a company culture that we believe are centered on growing long-term sales and profit, enhancing the guest experience and engaging team members. Our strategies and culture are intended to differentiate our brands from the competition, reduce the costs associated with managing our restaurants and establish a strong presence for our brands in key markets around the world.

We regularly evaluate our processes and menu at Chili's to identify opportunities where we can improve our service quality and food. During fiscal 2018, we reduced our menu items by approximately one-third compared to the prior year, and focused on our core equities of burgers, ribs, fajitas and margaritas. This initiative improved kitchen efficiency and allowed our managers and cooks to deliver our food hotter and faster to our guests. We also invested in the quality of our food. As a result, our average delivery time in the dining room improved by approximately one minute during the fiscal year 2018 compared to the year before, and guests responded favorably to the changes. During fiscal 2019, we continue to focus on our core equities and improving guest satisfaction with our food.

We remain competitive with our value offerings at both lunch and dinner and are committed to offering consistent, quality products at a compelling every day value. During the latter half of fiscal 2018, we offered a promotional "3 for \$10" platform that allowed guests to combine a starter, a non-alcoholic drink and an entrée for just \$10.00. We have evolved this promotion in fiscal 2019, now offering it every day as a part of our base menu. Additionally, we have continued our margarita of the month platform that started in fiscal year 2018 that features a new margarita every month at an every-day value price of \$5.00. We believe these and other value offers are increasing guest frequency and that few of our competitors can match these offers on a consistent basis. We will continue to seek opportunities to reinforce value and create interest for the Chili's brand with new and varied offerings to further enhance sales and drive incremental traffic.

The Chili's brand continues to leverage technology to improve convenience for our guests and to create a digital guest experience that we believe will help us engage our guests more effectively. We relaunched our My Chili's Rewards program in fiscal 2018 and moved away from the points system that is characteristic of most retail and restaurant loyalty programs. With our new loyalty program we are able to give our loyalty members customized offers tied to their purchase behavior. We anticipate that guest loyalty programs will be a significant part of our marketing strategy going forward. We also have put greater emphasis on improving and advertising our To Go capabilities. In the second quarter of fiscal 2019, Chili's grew its To Go business by 20.3% compared to the same quarter in the prior year. To Go sales were approximately 12.3% of total Chili's To Go and dine-in sales by the end of the second quarter of fiscal 2019. We believe that guests will continue to prefer more convenience and options at Chili's that allow them to eat at home or other off premises locations, and we plan to continue investments in our digital guest experience and To Go capabilities.

We believe that improvements at domestic Chili's will have a significant impact on the business; however, our results will also benefit through additional contributions from Maggiano's and our global Chili's business. Maggiano's opened one franchise location in the Dallas Fort Worth International Airport in the second quarter of fiscal 2019. Guests are responding favorably to the new Maggiano's location, and we intend to explore other opportunities to franchise Maggiano's in additional airport locations. During fiscal 2019, Maggiano's has been using technology and innovation in the front of the house to improve the accuracy of wait-time quotes to customers, and in the back of the house to improve labor efficiencies. Additionally, Maggiano's has brought additional value to our carry out menu by offering customers the opportunity to "Double the Portion, Not the Price" by taking home a second portion of certain menu items for a reduced price. Guests also continue to show an increased preference for our carry out menu and delivery service. In the second quarter of fiscal 2019, Maggiano's grew its carry out business by 17.6% compared to the same quarter in the prior year.

Our global Chili's business continues to grow with locations in 30 countries and two territories outside of the United States. Our international franchisees are expected to open between 26-30 new restaurants in fiscal 2019, including our first Chili's restaurant in China. We plan to strategically pursue expansion of Chili's internationally through development agreements with new and existing franchise partners.

The following table details the number of restaurant openings and total restaurants open at period end and during the twenty-six week periods ended December 26, 2018 and December 27, 2017, respectively, and total full year projected openings in fiscal 2019:

In fiscal 2019, we plan to relocate a total of five company-owned restaurants. We relocated one company-owned restaurant in the thirteen week period ended December 26, 2018 and three company-owned restaurants in the twenty-six week period ended December 26, 2018. Relocations are not included in the above table. During the twenty-six week period ended December 26, 2018, we sold and subsequently leased back 145 previously owned restaurant properties. At December 26, 2018, we owned land and buildings for 50 of the 995 company-owned restaurants. The net book values of the land totaled \$41.3 million and the buildings totaled \$25.8 million associated with these restaurants.

REVENUES

Transition to New Revenue Recognition Accounting Standard

Effective June 28, 2018, our first quarter of fiscal 2019, we adopted FASB Accounting Standards Codification (“ASC”) Topic 606, *Revenue from Contracts with Customers* (“ASC 606”), from the previous guidance ASC Topic 605, *Revenue Recognition* and ASC Subtopic 952-605, *Franchisors - Revenue Recognition* (together, “Legacy GAAP”). Our transition to ASC 606 represents a change in accounting principle. Our Consolidated Financial Statements for the second quarter and year-to-date periods of fiscal 2019 reflect the application of ASC 606 guidance using the modified retrospective transition method, while our Consolidated Financial Statements for prior periods were prepared under Legacy GAAP. Please refer to Note 2 - Revenue Recognition for further details of our adoption of ASC 606 and our policies for recognition of revenues from contracts with customers. The most significant effect of the transition to ASC 606 that affect the comparability of our results of operations between fiscal 2019 (reported under ASC 606) and fiscal 2018 (reported under Legacy GAAP) include the following:

- *Advertising Fees* Franchise and other revenues. Under Legacy GAAP, the advertising funds received from franchisees were considered a reimbursement of advertising expenses and were presented on a net basis as a reduction to advertising expenses in Restaurant expenses in the Consolidated Statements of Comprehensive Income.- Domestic franchisees are contractually obligated to contribute into certain advertising and marketing funds. The adoption of ASC 606 did not impact the timing of revenue recognition of the advertising fees received; however, effective first quarter of fiscal 2019, advertising fees are now presented on a gross basis within Franchise and other revenues. Under Legacy GAAP, the advertising funds received from franchisees were

considered a reimbursement of advertising expenses and were presented on a net basis as a reduction to advertising expenses in Restaurant expenses in the Consolidated Statements of Comprehensive Income.

The adoption of ASC 606 changed the recognition timing of our initial development and franchise fees, and gift card breakage income as noted below. The recognition timing change did not have a significant impact to our results of operations during the first two quarters of fiscal 2019:

- *Initial Development and Franchise Fees* - We receive development fees from franchisees for territory development arrangements and franchise fees for a new restaurant opening. Under ASC 606 these arrangements will be collectively deferred as a contract liability and recognized on a straight-line basis into Franchise and other revenues in the Consolidated Statements of Comprehensive Income over the term of the underlying agreements. Deferred franchise and development fees are classified within Other accrued liabilities for the current portion expected to be recognized within the next 12 months, and Other liabilities for the long-term portion in the Consolidated Balance Sheets.

Under Legacy GAAP, development fees were recognized as income upon the execution of the agreement, when development rights were conveyed to the franchisee. Franchise fees were recognized as income when the obligations under the franchise agreement were satisfied, generally upon the opening of the new franchise restaurant.

- *Gift Card Breakage Income* - Breakage revenues represent the monetary value associated with outstanding gift card balances for which redemption is considered remote. We estimate this amount based on our historical gift card redemption patterns and update the breakage rate estimate periodically and if necessary, adjust the deferred revenues balance accordingly. In accordance with ASC 606, breakage revenues will be recognized proportionate to the pattern of related gift card redemptions. Under Legacy GAAP, breakage revenues were recognized when redemption was considered remote. We do not charge dormancy or any other fees related to monitoring or administering the gift card program. Breakage income is reflected within Franchise and other revenues in the Consolidated Statements of Comprehensive Income.

Revenue Results

Revenues are presented in two separate captions in the Consolidated Statements of Comprehensive Income to provide more clarity around company-owned restaurant revenues and operating expense trends. Total revenues are further disaggregated as follows: Company sales include revenues generated by the operation of company-owned restaurants including gift card redemptions. Franchise and other revenues include Royalties from franchisees and Franchise fees and other revenues which contains advertising fees, franchise and development fees, Maggiano's banquet service charge income, gift card breakage and discounts, digital entertainment revenues, Chili's retail food product royalties, merchandise and delivery fee income.

The following is a summary of the change in Total revenues for the thirteen and twenty-six week periods ended December 26, 2018 compared to the thirteen and twenty-six week periods ended December 27, 2017, respectively:

	Total Revenues	
	Thirteen Week Period	Twenty-Six Week Period
For the period ended December 27, 2017 (Legacy GAAP)	\$ 766.4	\$ 1,505.8
Change from:		
Restaurant closings	(1.7)	(6.2)
Restaurant openings	1.1	4.7
Comparable restaurant sales	19.4	31.7
Company sales	18.8	30.2
Royalties	(0.2)	(0.3)
Franchise fees and other revenues	5.7	8.8
For the period ended December 26, 2018 (ASC 606)	\$ 790.7	\$ 1,544.5

Total revenues in the thirteen week period ended December 26, 2018 increased 3.2% to \$790.7 million from the \$766.4 million generated in the thirteen week period ended December 27, 2017 primarily driven by a \$19.4 million increase in comparable restaurant sales and a net increase of \$5.8 million in Franchise fees and other revenues related to the ASC 606 adoption. Total revenues in the twenty-six week period ended December 26, 2018 increased 2.6% to \$1,544.5 million from the \$1,505.8 million generated in the twenty-six week period ended December 27, 2017 primarily driven by a \$31.7 million increase in comparable restaurant sales and a net increase of \$10.6 million in Franchise fees and other revenues related to the impact of ASC 606 adoption.

Royalties decreased 1.5% to \$13.2 million in the thirteen week period ended December 26, 2018 compared to \$13.4 million in the thirteen week period ended December 27, 2017. Royalties are based on franchise sales, our franchisees generated approximately \$325.5 million in sales for the thirteen week period ended December 26, 2018 compared to \$324.0 million in sales for the thirteen week period ended December 27, 2017. Royalties decreased 1.1% to \$26.1 million in the twenty-six week period ended December 26, 2018 compared to \$26.4 million in the twenty-six week period ended December 27, 2017. Our franchisees generated approximately \$645.3 million in sales for the twenty-six week period ended December 26, 2018 compared to \$640.0 million in sales for the twenty-six week period ended December 27, 2017.

Franchise fees and other revenues increased 55.3% to \$16.0 million in the thirteen week period ended December 26, 2018 compared to \$10.3 million in the thirteen week period ended December 27, 2017 primarily due \$5.2 million of advertising fees presented gross with the adoption of ASC 606, and higher gift card related revenues. Franchise fees and other revenues increased 44.4% to \$28.6 million in the twenty-six week period ended December 26, 2018 compared to \$19.8 million in the twenty-six week period ended December 27, 2017 primarily due \$10.3 million of advertising fees presented gross with the adoption of ASC 606, partially offset by lower retail royalty revenues and digital entertainment revenues. During the thirteen and twenty-six week periods ended December 27, 2017, advertising contributions of \$5.5 million and \$10.8 million from franchisees were recorded net within Restaurant expenses, respectively.

The tables below present the percent change in Comparable restaurant sales and capacity for the thirteen and twenty-six week periods ended December 26, 2018 compared to the thirteen and twenty-six week periods ended December 27, 2017, respectively:

Percent Change in the Thirteen Weeks Ended December 26, 2018 versus December 27, 2017

Chili's Domestic ⁽⁵⁾	3.0 %				
System-wide ⁽⁶⁾	1.8 %				

Percent Change in the Twenty-Six Weeks Ended December 26, 2018 versus December 27, 2017					
	Comparable Sales ⁽¹⁾	Price Impact	Mix-Shift ⁽²⁾	Traffic	Restaurant Capacity ⁽³⁾
Company-owned	2.2 %	0.6%	(1.6)%	3.2 %	(0.4)%
Chili's	2.4 %	0.5%	(1.6)%	3.5 %	(0.4)%
Maggiano's	1.0 %	1.7%	(0.5)%	(0.2)%	(0.7)%
Chili's Franchise ⁽⁴⁾	(0.4)%				
U.S.	2.3 %				
International	(4.8)%				
Chili's Domestic ⁽⁵⁾	2.4 %				
System-wide ⁽⁶⁾	1.5 %				

⁽¹⁾ Comparable restaurant sales include all restaurants that have been in operation for more than 18 months. Amounts are calculated based on comparable current period verses same period a year ago.

⁽²⁾ Mix-shift is calculated as the year-over-year percentage change in Company sales resulting from the change in menu items ordered by guests.

⁽³⁾ Restaurant capacity for restaurants is measured by sales weeks. Amounts are calculated based on comparable current period verses same period a year ago.

⁽⁴⁾ Chili's franchise sales generated by franchisees are not included in revenues in the Consolidated Statements of Comprehensive Income; however, we generate royalty revenues and advertising fees based on franchisee revenues, where applicable. We believe including franchise comparable restaurant sales provides investors information regarding brand performance that is relevant to current operations and may impact future restaurant development.

⁽⁵⁾ Chili's domestic comparable restaurant sales percentages are derived from sales generated by company-owned and franchise operated Chili's restaurants in the United States.

⁽⁶⁾ System-wide comparable restaurant sales are derived from sales generated by company-owned Chili's and Maggiano's restaurants in addition to the sales generated at franchise-operated Chili's restaurants.

Please see further discussion of revenues for our Chili's and Maggiano's segments below in SEGMENT RESULTS.

	December 26, 2018	December 27, 2017		December 26, 2018	December 27, 2017	
Effective income tax rate	8.6%	38.3%	(29.7)%	13.0%	37.4%	(24.4)%

The effective income tax rate in the thirteen and twenty-six week periods ended December 26, 2018 decreased to 8.6% and 13.0%, respectively, compared to 38.3% and 37.4% for the thirteen and twenty-six week periods ended December 27, 2017, respectively, primarily due to the Tax Cuts and Jobs Act of 2017 (the "Tax Act") that was enacted on December 22, 2017. The Tax Act lowered the federal statutory tax rate from 35.0% to 21.0% effective January 1, 2018. Our fiscal 2019 effective income tax rate is further lowered due to an increase in the FICA tax credit benefit, partially offset by the impact of the sale leaseback transactions.

The effective income tax rate for the thirteen and twenty-six week periods ended December 27, 2017 included the impact of the revaluation of the Company's deferred tax accounts pursuant to the Tax Act, partially offset by the positive impact of lowering the federal statutory tax rate and lower profits.

During the twenty-six week period ended December 26, 2018, the tax gains related to the sale leaseback transactions, as described in Note 3 - Sale Leaseback Transactions, of \$75.0 million were recognized for tax purposes when the transaction was completed. Also during the twenty-six week period ended December 26, 2018 we paid \$67.1 million of the taxes, with a remaining \$7.9 million included as a payable net within Income taxes receivable in the Consolidated Balance Sheets as of December 26, 2018. This liability is expected to be paid during the third quarter of fiscal 2019.

Net cash used in financing activities	\$ (434.1)	\$ (67.3)

During the twenty-six week period ended December 26, 2018, net cash used in financing activities increased \$366.8 million from the twenty-six week period ended December 27, 2017 primarily consisting of \$278.0 million of net repayment activity on the revolving credit facility and \$95.8 million of additional share repurchases during the twenty-six week period ended December 26, 2018.

Net repayments of \$234.0 million were made during the twenty-six week period ended December 26, 2018 on the \$1.0 billion revolving credit facility primarily from proceeds received from the sale leaseback transactions. As of December 26, 2018, \$586.3 million was outstanding under the revolving credit facility. Subsequent to the end of the quarter, net borrowings of \$10.0 million were drawn on the revolving credit facility.

Our \$1.0 billion revolving credit facility generally bears interest of LIBOR plus an applicable margin, which is a function of our credit rating and debt to cash flow ratio, but is subject to a maximum of LIBOR plus 2.00%. For a period of 180 days following the third amendment to the revolving credit facility that occurred in May 2018, we paid interest at a rate of LIBOR plus 1.38%. Effective October 2018, we resumed paying interest at a rate of LIBOR plus 1.38% for a total of 3.89%. One month LIBOR at December 26, 2018 was approximately 2.51%. As of December 26, 2018, \$413.7 million of credit was available under the revolving credit facility. We are currently in compliance with all financial covenants as of December 26, 2018.

In August 2018, our Board of Directors authorized a \$300.0 million increase to our existing share repurchase program resulting in total authorizations of \$4.9 billion. During the twenty-six week period ended December 26, 2018, we repurchased approximately 3.6 million shares of our common stock for \$167.6 million. Our stock repurchase plan has been and will be used to return capital to shareholders and to minimize the dilutive impact of stock options and other share-based awards. Repurchased shares are reflected as an increase in Treasury stock within Shareholders' deficit in the Consolidated Balance Sheets.

As of December 26, 2018, our credit rating by Standard and Poor's ("S&P") was BB+ with a stable outlook, and our Corporate Family Rating by Moody's was Ba1 with a negative outlook. Our goal is to maintain strong free cash flow to support leverage that we believe is appropriate to allow ongoing investment in the business and return of capital to shareholders.

During the twenty-six week period ended December 26, 2018 we paid dividends of \$31.6 million to common stock shareholders, compared to \$35.4 million in the twenty-six week period ended December 27, 2017. We also declared a quarterly dividend on October 29, 2018, that was paid subsequent to the second quarter of fiscal 2019, on December 27, 2018, in the amount of \$0.38 per share. A dividend accrual of \$14.2 million was included in Other accrued liabilities in our Consolidated Balance Sheets as of December 26, 2018 related to this dividend. Subsequent to the end of second quarter of fiscal 2019, on January 28, 2019, our Board of Directors declared a quarterly dividend of \$0.38 per share to be paid on March 28, 2019 to shareholders of record as of March 8, 2019.

Cash Flow Outlook

We believe that our various sources of capital, including future cash flow from operating activities and availability under our existing credit facility are adequate to finance operations as well as the repayment of current debt obligations. We are not aware of any other event or trend that would potentially affect our liquidity. In the event such a trend develops, we believe that there are sufficient funds available under our credit facility and from our internal cash generating capabilities to adequately manage our ongoing business. We will continue to periodically evaluate ways to monetize the value of our remaining owned real estate and should alternatives become available that are more cost effective than our financing options currently available, we will consider execution of those alternatives.

OFF-BALANCE SHEET ARRANGEMENTS

We have obligations for guarantees on certain lease agreements and letters of credit as disclosed in Note 13 - Contingencies, in our consolidated financial statements included in Part I, Item 1 of this Form 10-Q. Other than these items, we do not have any off-balance sheet arrangements.

RECENT ACCOUNTING PRONOUNCEMENTS

The impact of recent accounting pronouncements can be found at Part I, Item 1, Note 14 - Effect of New Accounting Standards of this Form 10-Q report.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There have been no material changes in our quantitative and qualitative market risks set forth in Part II, Item 7A, "Quantitative and Qualitative Disclosures About Market Risk" in our Annual Report on Form 10-K for the year ended June 27, 2018.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Based on their evaluation of our disclosure controls and procedures (as defined in Rules 13(a)-15(e) and 15(d)-15(e) under the Securities Exchange Act of 1934), as of the end of the period covered by this report, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures are effective.

Changes in Internal Control over Financial Reporting

Beginning on June 28, 2018, the first day of fiscal year 2019, we integrated certain new controls to ensure the completeness and accuracy of the adoption FASB Accounting Standards Codification Topic 606, *Revenue from Contracts with Customers* (“ASC 606”).

Internal Control Over Financial Reporting

Other than changes described above in Changes in Internal Control over Financial Reporting, there were no changes in our internal control over financial reporting during the thirteen week period ended December 26, 2018 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

FORWARD-LOOKING STATEMENTS

Information and statements contained in this Form 10-Q, in our other filings with the SEC or in our written and verbal communications that are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements are generally accompanied by words like “believes,” “anticipates,” “estimates,” “predicts,” “expects,” “plans,” “intends,” “projects,” “continues” and other similar expressions that convey uncertainty about future events or outcomes. Forward-looking statements are based on our current plans and expectations and involve risks and uncertainties which could cause actual results to differ materially from our historical results or from those projected in forward-looking statements. These risks and uncertainties are, in many instances, beyond our control. We wish to caution you against placing undue reliance on forward-looking statements because of these risks and uncertainties. Except as required by law, we expressly disclaim any obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

The forward-looking statements contained in this report are subject to the risks and uncertainties described in Part I, Item IA “Risk Factors” in our Annual Report on Form 10-K for the year ended June 27, 2018, and below in Part II, Item 1A “Risk Factors” in this report on Form 10-Q, as well as the risks and uncertainties that generally apply to all businesses. We further caution that it is not possible to identify all risks and uncertainties, and you should not consider the identified factors as a complete list of all risks and uncertainties. Among the factors that could cause actual results to differ materially are: the impact of competition, changes in consumer preferences, consumer perception of food safety, reduced disposable income, unfavorable publicity, increased minimum wages, governmental regulations, the impact of mergers, acquisitions, divestitures and other strategic transactions, the Company’s ability to meet its business strategy plan, loss of key management personnel, failure to hire and retain high-quality restaurant management, the impact of social media, failure to protect the security of data of our guests and team members, product availability, regional business and economic conditions, litigation, franchisee success, inflation, changes in the retail industry, technology failures, failure to protect our intellectual property, outsourcing, impairment of goodwill or assets, failure to maintain effective internal control over financial reporting, actions of activist shareholders, adverse weather conditions, terrorist acts, health epidemics or pandemics, and tax reform.

Other risk factors may adversely affect our financial performance. These other risk factors could cause our actual results to differ materially from those indicated in the forward-looking statements by affecting, among many things, pricing, consumer spending, consumer confidence, and operating costs. Such risks include, without limitation, changes in financial and credit markets (including rising interest rates); increases in fuel costs and availability for our team members, customers and suppliers; increases in health care costs; health epidemics or pandemics or the prospects of these events; changes in consumer behaviors; changes in demographic trends; labor shortages and availability of employees; union organization; strikes; terrorist acts; energy shortages and rolling blackouts; and weather (including

major hurricanes and regional winter storms); inadequate insurance coverage; and limitations imposed by our credit agreements.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Information regarding legal proceedings is incorporated by reference from Note 13 - Contingencies to our unaudited Consolidated Financial Statements set forth in Part I, Item 1, of this report.

ITEM 1A. RISK FACTORS

In addition to the other information in this report, you should carefully consider the factors discussed in Part I, Item 1A of our Annual Report on Form 10-K for the year ended June 27, 2018, which could materially affect our business, financial condition or results of operations. It is not possible to predict or identify all risk factors. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also impair our business, financial condition or results of operations. Therefore, the risks identified are not intended to be a complete discussion of all potential risks or uncertainties.

During the thirteen week period ended December 26, 2018, there have been no material changes in the risk factors set forth in Part I, Item 1A, "Risk Factors" in our Annual Report on Form 10-K for the year ended June 27, 2018.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

During the thirteen week period ended December 26, 2018, we repurchased shares as follows (in millions, except per share amounts, unless otherwise noted):

CERTIFICATION

I, Wyman T. Roberts, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Brinker International, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally acceptable accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
