

Audit Committee Charter

I. Composition of the Audit Committee:

The Audit Committee (the "Committee") of the Board of Directors (the "Board") of Brinker International, Inc. (the "Company") shall be comprised of at least three directors, each of whom the Board has determined has no material relationship with the Company and each of whom is otherwise "independent" and meets any other eligibility requirements under the rules and regulations of the New York Stock Exchange, Inc. and the Securities and Exchange Commission (the "SEC"). The Board shall designate one member of the Committee as its chairperson and one as its vice-chair. Each member of the Committee shall be "financially literate," as determined by the Board, and at least one member of the Committee shall be an "audit committee financial expert," as defined by the rules of the SEC and determined by the Board.

No director may serve as a member of the Committee if such director serves on the audit committees of more than two other public companies unless the Board of Directors determines that such simultaneous service would not impair the ability of such director to effectively serve on the Committee and discloses this determination in the Company's annual proxy statement. No director may serve as chairperson or as a voting member of the Committee if such director is a beneficial owner of 20% or more of the Company's voting stock (or is a general partner, controlling shareholder or officer of such a beneficial owner), but such a director may serve as a non-voting member of the Committee.

No member of the Committee may receive any compensation, either directly or indirectly, from the Company or any of its subsidiaries other than (i) director's fees (including, without limitation, cash, stock, restricted stock, restricted stock units and/or stock options), (ii) a pension or other deferred compensation for prior service that is not contingent on future service, and (iii) any other regular benefits that other directors receive.

Members of the Committee shall be appointed by the Board based on nominations recommended by the Company's Governance and Nominating Committee, and shall serve at the pleasure of the Board and for such term or terms as the Board may determine.

II. Purposes of the Committee:

The purposes of the Committee are to:

- a. Assist Board oversight of (i) the integrity of the Company's financial statements, information security processes, and the effectiveness of internal controls, (ii) the Company's compliance with legal and regulatory requirements, (iii) the independent auditor's qualifications and independence, (iv) the performance of the independent auditors and the Company's internal audit function, (v) management's resolution of any significant issues reported by the independent auditors, the internal audit department or other outside advisors, and (vi) management's practices to establish and maintain processes to promote adequate enterprise risk management.
- b. Oversee preparation of the report required by the SEC for inclusion in the Company's annual proxy statement.

The function of the Committee is oversight. The management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, and for the effectiveness of internal controls. Management and the internal auditing department are responsible for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The internal audit department is responsible to advise management as to whether the processes management has in place to control the Company are adequately designed and functioning effectively and report to management and the Committee the results and any related recommendations for improvement. In fulfilling their responsibilities hereunder, it is recognized that members of the Committee are not full-time employees of the Company and are not, and do not represent themselves to be, performing the functions of auditors or

accountants. As such, it is not the duty or responsibility of the Committee or its members to conduct “field work” or other types of auditing or accounting reviews or procedures or to set auditor independence standards.

The independent auditors for the Company are accountable to the Committee, as representatives of the shareholders. The Committee has the ultimate and direct authority and responsibility to appoint, compensate, retain and terminate the Company’s independent auditors (subject, if applicable, to shareholder ratification). As used in this charter, the term “independent auditor” includes any registered public accounting firm engaged by the Company for the purpose of preparing an audit report or performing audit, review or attest services.

The independent auditors shall submit to the Committee annually a formal written statement of the fees billed for each of the following categories of services rendered by the independent auditors: (i) the audit of the Company’s annual financial statements for the most recent fiscal year and the reviews of the financial statement included in the Company’s Quarterly Reports on Form 10-Q for that fiscal year; and (ii) all other services rendered by the independent auditors for the most recent fiscal year, in the aggregate and by each service.

III. Meetings of the Committee:

The Committee shall meet once every fiscal quarter, or more frequently if circumstances dictate, to discuss with management the annual audited financial statements and quarterly financial statements, as applicable. The Committee should meet separately at least quarterly with management, the leader of the internal auditing department and the independent auditors to discuss any matters that the Committee or any of these persons or firms believe should be discussed privately. The Committee may request any officer or employee of the Company or the Company’s outside counsel or independent auditors to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee. Members of the Committee may participate in a meeting of the Committee by means of conference call or similar communications equipment by means of which all persons participating in the meeting can hear each other.

At all meetings of the Committee, a majority of the Committee shall be sufficient and necessary to constitute a quorum for the transaction of business. The vote of a majority of the Committee members present at a meeting at which a quorum is present shall be an act of the Committee. The Committee may also act by unanimous written consent.

To the extent practical, Committee meetings should be held in conjunction with regularly scheduled Board meetings. Either the chairperson of the Committee, the chairperson of the Board or the lead director (if any), the chief executive officer or a majority of the Committee may call a meeting.

Meetings of the Committee shall be presided over by the chairperson of the Committee or in the absence of a chairperson, by the vice-chair.

The Committee shall keep regular minutes of its meetings and proceedings and report on the same to the Board at the next meeting thereof.

IV. Duties and Powers of the Committee:

To carry out its purposes, the Committee’s duties and powers shall include:
